Profile Summary

UI/UX & Visual Designer with a solid technical foundation in front-end development. I specialize in crafting intuitive, mobile-first digital experiences in Figma while leveraging a deep understanding of HTML, CSS, React, and Tailwind CSS to ensure design systems seamlessly translate to production-ready code. Passionate about bridging the gap between pixel-perfect aesthetics and clean, component-based layout logic.

Skills

- Design & Strategy: UI/UX Design, Visual Design, Figma Prototyping, Wireframing, Component-Based Design Systems, Typography, Layout Design.
- Design Tools: Figma, Adobe Illustrator, VS Code, Chrome DevTools.
- Technical / Front-End Literacy: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Next.js.
- Concepts & Workflows: Git & GitHub, Responsive Web Design, Cross-Browser Compatibility, Web Performance Basics.
- Soft Skills: Adaptability, Time management.
- Languages Known: English, Tamil, Urdu, Hindi.

Experience

UI / GRAPHIC DESIGNER | Tejas Groups | Apr 2020 – Nov 2025

- Designed intuitive user interfaces and digital assets, transitioning traditional graphic workflows into cohesive, modern online user experiences.
- Collaborated directly with stakeholders and internal teams to translate client requirements into functional design wireframes and high-fidelity mockups.
- Established and managed structured Figma design files, asset libraries, and production-ready outputs, drastically reducing handoff friction for development teams.
- Upskilled in modern front-end technologies (React, Tailwind CSS) to build and prototype responsive, real-world web components directly from design layouts.

AUTOCAD DESIGNER | Modine Thermal Systems | Aug 2019 – Mar 2020

- Developed precise 2D and 3D technical drawings for thermal system components, ensuring strict manufacturing accuracy through detailed CAD modeling.
- Streamlined workflows by developing standardized component libraries and technical documentation for complex assemblies.

AUTOCAD DESIGNER | Wheels India Pvt Ltd | Jul 2018 – Jul 2019

- Created detailed 2D technical drawings and layouts for commercial vehicle wheels in AutoCAD, maintaining dimensional tolerances and supporting manufacturing accuracy

Projects

Meristems E-Commerce | Figma, Next.js, Firebase

- Designed a comprehensive end-to-end user shopping flow in Figma, focusing on intuitive product discovery and checkout UI layouts.
- Built out the interactive front-end components utilizing Next.js to ensure design choices matched the live web performance goals.

Real Estate Platform | Figma, React.js, Tailwind CSS, JavaScript

- Created a clean, mobile-first user interface tailored for property browsing, emphasizing visual hierarchy and easy filtering structures.
- Independently translated the entire design system into live, responsive code using React and Tailwind CSS.

3D Car Showcase Website | Figma, React.js, Tailwind CSS, Three.js

- Explored cutting-edge interactive design trends by blending immersive 3D elements with standard user interface design patterns.
- Prototyped the interface layout in Figma before engineering the front-end components for fluid user interactions.

Education

Diploma in Mechanical Engineering | Sri Manakula Vinayagar Ploytechnic College | Puducherry

Apr 2015 - Apr 2018

- Secured 80% First class with distinction

Certification

- Figma UI UX Design Essentials by Daniel Walter Scott - **UDEMY**
- Ultimate web development course by codewithharry - **UDEMY**
